700

Additional full-time jobs in Memphis and Southaven by end of 2026

OVERVIEW

01 **Local jobs**

SpaceXAI expects an additional **700 full-time employees** in Southaven and Memphis by the end of 2026, and currently has about **7,500 contractors** on site across the two states.

02 **Tax revenue that stays with the city**

SpaceXAI expects to pay **$9 million in taxes** in 2026. Local revenue will support police, EMS, streets, schools, and parks.

03 **Community engagement**

SpaceXAI is establishing a Community Relations Team in Southaven and is developing a strategic plan in consultation with community leaders for ongoing community partnerships and investments. So far this year:

- **$40 million** for a new police and fire training facility
- **50% off Starlink** Residential plans for new and existing customers, with about 2,000 members of the community already signed up
- Establishing **$10,000 scholarships** to graduating seniors interested in pursuing further education in technology and STEM
